

## marineSHOCKER™ INSTRUCTIONS

For use in interior space of up to 400 ft.<sup>2</sup>

### Read all instructions before using!

In order to guarantee success, follow all directions **exactly as indicated**

1. Place boat out of direct sunlight or block out sunlight from entering designated cabin space.
2. Open container and remove all contents
3. Read all information on foil packet then open packet at notch edge carefully so as to not damage content inside. Remove the

CLO2DMG Technology™ white pouch from inside and discard desiccant and remaining foil packet.

4. Take the CLO2DMG Technology™ white pouch and shake thoroughly to mix ingredients. Then place pouch back in the container provided.
5. Using measuring cup provided add warm tap water over pouch to activate. **DO NOT PUT LID BACK ON CONTAINER** until treatment is over and product is ready to be discarded.
6. Place container in designated area, for additional safety place on a plate or container lid to prevent damage from spillage, staining or bleaching. **WARNING: Under no circumstance should any person or pet be in the vehicle while the marineSHOCKER™ is working.**
7. **Lock cabin** to prevent others from entering cabin while product is

working.

8. Leave the marineSHOCKER™ working for 4 to 24 hours.
9. At end of treatment open all doors for ventilation, and place lid back on the marineSHOCKER™ and dispose in an outdoors waste container.
10. Allow cabin to ventilate for 20 minutes before entering.

**TIPS:** In order to ensure optimal performance, you may want to follow these tips.

- a. Before using marineSHOCKER™, make sure all interior compartments are open (ie. Glove box, armrest compartments, etc.).
- b. Pull down all visors.
- c. Place floor mats on their sides.
- d. Clean out ashtrays and remove trash.
- e. Change air filters.
- f. Before step 9, set fan to recycle and

- g. Minimum temperature for marineSHOCKER™ to work must be 50 degrees fahrenheit.

1-877-RX BIOCIDE / 1-877-792-4624  
[www.BiocideSystems.com](http://www.BiocideSystems.com)

marineSHOCKER™ is a safe and non-toxic product that will degrade into a saltwater solution. All components are biodegradable and eco-friendly.

**WARNING: to ensure safety, vehicle must be vacant of people and pets while the marineShocker™ is working. Make sure to place lid on container before removing to avoid spilling any excess liquids as this will bleach any surface it comes in contact with.**
